

Maryland Precision Spring

SLIDELINE™ Pusher Systems

SLIDELINE Pusher Systems maintain appealing merchandise displays by utilizing spring tension that automatically repositions the product.

SLIDELINE Pusher Systems can be customized to fit any shelf size and fixture configuration.

(see reverse side for product specs)

Constant & Variable Force Springs

Ask about our **FREE** stock spring kits!

Various spring end types available

Constant Force Springs provide a smooth and efficient force for moving product in a P-O-P slide tray.

Variable Force Springs are recommended when a stronger force is required to move the product.

SLIDELINE™ & Reel Retriever

SLIDELINES and Reel Retrievers attach unobtrusively to the product while keeping the merchandise securely tethered.

As powerful, visible deterrents to shoplifting, SLIDELINES and Reel Retrievers come in a variety of sizes to meet your specific needs.

(see reverse side for product specs)
